PROFILE

As an aspiring software engineer, I am passionate about creating efficient and elegant solutions. I have a strong foundation in algorithms, data structures, and programming languages. My collaborative mindset and eagerness to learn make me a valuable addition to any development team. Whether it's front-end or back-end work, I'm ready to contribute and grow.

EDUCATION

PEARSON-E-SOFT METRO CAMPUS

Higher National Diploma in Computing Science Specialized in Software Engineering

BADURIYA CENTRAL COLLEGE,MAWANELLA

Advanced Level| Technology Stream

Earned C in Information & Communication Technology, C in Science for Technology and C in Engineering Technology

THE AMERICAN CORNER

DynEd English by U.S

UNIVERSITY OF PERADENIYA (READING)

English Extension Course for Professionals

WORK EXPERIENCE

NOLIMIT SRILANKA (FAB 2024 – NOV 2024)

COMPUTER OPERATOR

In charge of managing stock barcodes, producing and maintaining invoice adjustments, and supervising inventory. made ensuring that inventory management software was used for correct labeling, data input, and invoice reconciliation. adept at using computers, keeping workflows smooth and data accurate for tasks like invoicing and stock control.

OBJECTIVES

Aspiring front-end developer with a strong foundation in HTML, CSS, and JavaScript. Passionate about creating user-friendly interfaces. Seeking an entry-level role to contribute to innovative web applications.

Experienced project manager transitioning to software engineering. Seeking a junior developer position to leverage my organizational skills and passion for coding.

Full-stack developer with experience in both front-end and back-end technologies. Seeking a role where I can build robust web applications, collaborate with cross-functional teams, and continuously learn.
